### DJM-400 2 Channel Mixer

Pioneer's exciting new DJM-400 two-channel mixer allows you to enjoy digital evolution in a compact form. The smallest mixer in Pioneer's range, it is perfectly portable and huge on performance, boasting outstanding audio quality.

Drawing on the digital heritage of Pioneer's larger mixers, it is designed as an ideal partner for the CDJ-200s. The mixer's intelligent 96kHz/24bit sampler can store up to five banks of four beats, and automatically matches beats and built-in digital beat effects like the roll, which can be chopped and manipulated at will. A highly impressive and versatile performer, the DJM-400 is guaranteed to boost your creative levels!
